

Website & Booking Platform Scope (Consolidated)

Yao's Kitchen – Wake Catering Platform

1. Project Overview

- Structured booking platform for wake catering
- Lead generation + Viber conversion
- Scalable for future expansion

2. SEO & Domain Strategy

- WakeFoodPH.com
- WakeCateringPH.com
- CongeeStation
- All domains funnel into main booking system

3. Problem

- Fragmented and manual booking process
- Reliance on referrals
- No centralized availability system

4. Solution

- Search by date, location, pax
- Display structured packages
- Submit inquiry → Viber confirmation

5. Core Features

- Search function
- Package cards
- Inquiry form

- Viber redirect
- Admin dashboard (basic)

6. Booking Flow

- User inputs event details
- System shows packages
- User selects package
- Submits inquiry
- Booking reference generated
- Redirect to Viber
- Manual confirmation

7. 24-Hour Lead Time Requirement

- Minimum 24-hour lead time
- Block bookings within 24 hours
- Show message if invalid

8. Calendar Availability

- Date picker
- Disable past dates
- Disable <24h dates
- Disable fully booked dates
- Admin toggles availability

9. Package Structure (No Pricing)

Basic Package

- 50–80 pax
- Congee + selected dimsum
- Staff and setup

Standard Package (Most Booked)

- 80–120 pax
- Full congee + dimsum
- Extended service

Premium Package

- 120–200 pax
- Full menu
